

DENBIGH SCHOOL

Students head to top universities & secure apprenticeships after A Level success

Our Year 13 students are on their way to some of the country's top universities and have secured prestigious apprenticeships with leading companies after excelling in their A Level exams. The students have worked incredibly hard for these results and have overcome the disruption to their education caused by the Pandemic. Some of our highest achievers and their destinations are:

Kartik Anand	4A*s	Medicine, Nottingham
Rachel Marsh	4A*	Medicine, Cambridge
Frances Jackson	3A*	Geography and Management, Loughborough
Jamie Callow-Cuckson	3A*	Physics with Astrophysics, Bath
Emily Skeens	3A*, 1B	Medicinal and Biological Chemistry, Edinburgh
Hadeed Omer	2A*, 1A	Mechanical Engineering, Loughborough
Amaan Ali	1A*, 2As	Gap Year
Martha Buxton	1A*, 2As	Modern Languages, Warwick
Jashan Gawera	1A*, 2As	Maths, Statistics & Economics, Warwick
Nishalan Mathiyalagan	1A*, 2As & 1B	Physics with Theoretical Physics, Imperial
Liberty Abbott	1A*, 1A & 1B	Environmental Conservation, Bangor
Zara Franco	3As	Ancient History, Durham
William Friday	3As	Modern History with Economics, Manchester
Jessica Hrycak	3As	Physics, St. Andrews
Kishanthan Jeyakumar	1A*, 1A & 1B	Chemical Engineering
Chimdike Nworah	3As	Land Economy, Cambridge

Headteacher, Dr Andrea Frame said: 'I am so proud of our students' achievements this year. The effort they have put in to secure these outstanding results is to be hugely admired. We wish them well for their university courses and their graduate apprenticeship schemes. We hope that they join our ever-growing alumni network and come back to see us to share their post-Denbigh journey and inspire our next generation of students.'
