Headteacher Bulletin

DENBIGH SCHOOL

Friday 3rd November 2023

Dear Parent/Carer,

I hope this email finds you well and your child had a wonderful half term.

Word of the Week

The word of the week next week is **vivacious**, meaning, attractively energetic and enthusiastic. For example, 'those who knew her will recall her vivacious personality'. I would like to encourage you to ask your child about previous words of the week to see what they can remember and use in conversation.

Student Success

Medha Mali - Medha is a Year 10 student who is a budding author and has exceptional talent. Medha has published her first book, which is available [here](#). It is a lovely story and I am truly impressed by the hard work that has gone into the publication. Well done Medha.

Library update

Please see the latest issue of On the Shelf, the library newsletter. It is another great read.

Year 11 Parents Evening

Wednesday the 1st November was the first in-person parents evening since before the pandemic. It was wonderful to see the large turn out and the positive conversations that were taking place between student, parent and teacher. All subject parents evenings will be taking place in person this year. The next consultation evening is Year 11 on the 24th January and Year 13 on the 14th February.

Update on the Sports Hall and Gym Roofs

Work continues on the two roofs. All the RAAC has now been removed from the Sports Hall roof and work is beginning on putting on the new roof. Scaffolding is almost complete in the Gym which means it is nearly ready for work to start there as well. We are still on schedule for completion of everything by early summer next year.

Other news

Parking - A reminder that the doctor's surgery opposite school is not available for parking unless you are visiting the surgery. There have been a number of incidents where patients with access difficulties have not been able to park outside the surgery due to parents parking in these bays.

Milton Keynes Success story - You may be interested to read a [BBC News article](#) of a Milton Keynes student who has overcome difficult times in the Pupil Referral Unit and is now a student at Cambridge university. This is a wonderful story showing that there is always light at the end of the tunnel.

Have a fantastic weekend.

Kind regards,

Dr A Frame

Headteacher
