It is the hope that students emotionally engage with the stories of the past and thus develop a connection with History. Through the study of History, students are able to gain a greater insight into the modern world and how past events have influenced the world we live in today. By drawing connection between the past and presents students will develop an appreciation of the significance of History to their own lives and the world around them on a personal, national, and international level. |                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |
